DENVER BRONCOS OTA QUOTES (6/7/18)

RUNNING BACK PHILLIP LINDSAY

On OTAs

“OTAs have been great. Go out there, get the speed of the game, understand the playbook and make plays. That’s what I’m doing and I want to take that going into camp, and then go from there.”

On his accomplishments during OTAs

“I think it went pretty well. I’ve got a lot of things to brush up on, but I was pleased with what I had done so far. I just have to go back to work now, clean up the little things, get back into the playbook and do things right. You can’t ever have a lot of miscues. You’ve got to go in there and be perfect. So, that’s I want to try to do.”

On the competition in the running back room

“We’re all different. We have different styles but we are going to compete and we’re going to make each other better. Because at the end of the day, we all need each other. Everybody is working hard and I’m just here to compete for a job.”

On his plans for OTAs are finished

“Just work hard mentally and physically. Just brush up on the little things. Continue to work on my punt return catching and kick return catching. Even work on special teams drills. Everything that can get me to that next level.”

On being in the NFL

“I’ve always been around NFL players since I was little. So, I already knew what it was about. It’s just football at the end of the day. It’s something I’ve done my whole life. I just want to go out there and make plays. That’s what I want to do, so I’m going to continue to do it.”

On having patients from Children’s Hospital Colorado come out to visit

“It felt good. They deserve it. It was good that we were able to show support to them.”

On if he’s gotten used to signing autographs

“Yeah, I have. It’s always fun and exciting signing autographs anyway.”
